

We are always accepting applications for the following positions. If interested please email your resume to gveterinarycenter@yahoo.com

Experienced veterinary technician

Minimum of 4 years' verifiable work history. RVT or individuals undergoing licensure is a plus. We leverage our technicians. We have technician appointments, expect our technicians to be able to take detailed histories, monitor pets under anesthesia, process lab work, pass catheters, take blood, perform call backs, use a computer, and be knowledgeable about common pet care. We provide training at weekly staff meetings and pay our technicians for continuing education. Our salaries are competitive and based on experience. You must be local and have a flexible schedule. You must be able to work evenings and Sundays. We prefer people that smile, have a sense of humor, understand how to please clients, and are team players.

Part time kennel assistant

Minimum of 2 years verifiable work history. Kennel experience, helpful, but not necessary for the kennel technician position. It is necessary for the Supervisor position. Training is offered via phase training for a technician. The applicant must be flexible, hardworking, dependable, organized, not afraid to get dirty, and love working with pets. The kennel department is open 365 days a year, this does include shift rotation, evenings and holidays. Some of the duties include - feeding, cleaning, computer entry, giving medication, laundry, working independently and with others, helping in all departments as needed. Some of our benefits for full time include - 401 K, scrub allowance, continuing education allowance. Salary is competitive and based on experience. * There cannot be any physical restrictions for this position. It does require lifting and handling all size dogs.

Veterinary Receptionist - Full time

Minimum of 2 years verifiable work history as a medical/veterinary receptionist. We provide phase training along with weekly educational meetings. You must be flexible, with the ability to work all shifts, this includes some holidays, evenings and Sundays. It is important to be customer savvy, organized, dependable, able to multi task and a team player. The Customer Service Technician is responsible for - answering phones, making appointments, getting histories, computer entry, working closely with all departments. Some of our benefits for full time include - 401 K, continuing education allowance, scrub allowance, salary is competitive and based on experience. Submit resume to vetcenter08@yahoo.com
